Consumer Housing Advisory Committee

This committee, comprised of consumers of mental health services, has been established to advise the Mental Health Department's work in pursuing affordable housing opportunities for its consumers who are homeless or at risk of homelessness. It will provide input into the development and revision of the MHD Housing Plan, Housing Development Goals, and housing projects being considered for MHSA funding. Finally, this committee will be distinct from teams that approve applicants for their housing and from the Project Approval Board that selects development projects related to this Housing Plan.

The members of this committee will serve for three years and their terms will be renewable.
