Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

Introduction

The Santa Clara Urban County (Urban County) Fiscal Year 2022-23 (FY23) One Year Annual Action Plan (AAP) contains the County's one-year plan to carry out housing and community development activities funded by Federal formula grant funds received from the U.S. Department of Housing and Urban Development (HUD). These funds are from the Community Development Block Grant (CDBG) and Home Investment Partnerships (HOME) programs. This Action Plan covers the third of five program years covered by the Urban County's 2020-2025 Consolidated Plan approved by the Board of Supervisors on June 2, 2020.

The Housing and Community Development (HCD) Division of the Office of Supportive Housing (OSH) is the lead agency for the Consolidated Plan and submits the Annual Action Plan for the Urban County's CDBG program and for the HOME consortium. The Urban County includes the unincorporated community within Santa Clara County, and the seven small jurisdictions: the cities of Campbell, Los Altos, Los Altos Hills, Los Gatos, Morgan Hill, Monte Sereno, and Saratoga. The HOME Consortia consists of the cities of Cupertino, Gilroy, Palo Alto, and the Urban County.

HUD requires entitlement jurisdictions to submit an AAP to report the distribution of federal entitlement grant funds over the Consolidated Plan's five-year period identifying how funding allocations help meet the goals covered in the Consolidated Plan.

Funds available for the Urban County include a total of **\$4,252,583** in CDBG and HOME funds. This includes **\$1,611,300** in anticipated CDBG entitlement funds, **\$641,635** in CDBG program income, **\$993,289** in anticipated HOME entitlement funds and **\$1,006,359** in HOME program income.

The Urban County's Action Plan covers the time from July 1, 2022, to June 30, 2023, (HUD Program Year 2022). The FY23 AAP reports on the status of needs and outcomes the Urban County expects to achieve in the coming year. All the activities mentioned in this AAP are based on current priorities. By addressing these priorities, the Urban County hopes to meet those objectives stated in the 2020-2025 Consolidated Plan. All the proposed projects and activities are intended to principally benefit Urban County residents who are extremely low, low and moderate-incomes, and populations that have special needs, such as the elderly, disabled, and homeless persons.

Summarize the objectives and outcomes identified in the Plan

The FY23 AAP describes Urban County activities to:

- Provide Decent Housing;
- Create a Suitable Living Environment; and
- Create Economic Opportunities.

The goals presented in this plan are:

1. Increase affordable and supportive housing.
2. Promote Fair Housing Countywide.
3. Maintain and expand activities designated to prevent and reduce homelessness.
4. Preserve existing affordable housing.
5. Provide essential services for special needs populations.
6. Maintain, improve, and expand community facilities and spaces.
7. Strengthen employment and workforce opportunities

Contingency Plans

The contingency plans are intended to notify the public now of the County's plan to program additional funding without having to go through a substantial amendment in the future. This approach will ensure a timely expenditure of CDBG funds and will result in a more streamlined program. The public will be able to provide input when the selected item is presented to the Board for consideration. In the event that the FY23 Entitlement Grant varies from the County's estimate, or the County receives unplanned program income, the County has outlined the contingency plans below:

- HOME Allocation: In the event of a change to the FY23 HOME allocation amount, the County will make proportional adjustments to the two HOME activities identified below. For instance, if the final HOME award is more than the estimated amount, each project below will receive a proportional increase in the recommended amount.
 - HO-23-01 – Housing Development – New construction, acquisition, acquisition with rehab or other eligible project proposals
 - HO-23-02 – County HOME Administration and Planning
- CDBG Housing Activities: In the event of a change to the FY23 CDBG allocation amount, the County will prioritize fully funding Project CDBG-23-01 – Rebuilding Together Silicon Valley and increase or decrease the amount awarded to SCC-23-01 – Multifamily housing, emergency shelter and transitional housing, acquisition, and rehab program, which provides low-interest deferred payment loans for the acquisition and rehabilitation of multifamily housing, emergency shelters and transitional housing.
- CDBG Public Service Activities: In the event of a change to the FY23 CDBG allocation amount, the County will make proportional adjustments to all of the public service agencies.
- CDBG Capital Improvement Program: In the event of a change to the FY23 CDBG allocation amount, the County will work with the Town of Los Gatos and the City of Morgan Hill to determine the impact to the projects listed below. If a City/Town is not able to spend the funding within FY23, the County will add funding project to SCC-23-01. Capital Improvement Program Projects:
 - CIP-23-01 – Los Gatos – Upgrades to the Adult Recreation Center
 - CIP-23-02 – Morgan Hill – Galvan Park, Rehabilitation of restrooms

Evaluation of past performance

The Urban County is responsible for ensuring compliance with all rules and regulations associated with the CDBG and HOME entitlement grant programs. The Urban County recognizes that the evaluation of past performance is critical to ensuring that its subrecipients are implementing activities effectively and that those activities align with the Urban County's overall strategies and goals. The variety of programs and activities the Urban County has funded with HUD block grant funds have been effective in addressing the greatest housing, community and economic development needs and the Urban County intends to continue these programs and activities during the next program year. The Urban County has had great success in anti-poverty, fair housing, special needs assistance, and multi-family new construction.

Summary of Citizen Participation Process and consultation process

Public participation plays a central role in the development of the Annual Action Plan. A public notice was available on the County’s website and published in the San Jose Mercury News on March 30, 2022, announcing the 30-day public comment period. The Plan is available electronically on the OSH's website: <https://osh.sccgov.org/housing-community-development/urban-county-program> and the electronic version of the FY23 AAP was sent to a distribution list throughout Santa Clara County. In addition, public comments were encouraged at the hearings listed in Section AP-12 of the AAP, or could be submitted in writing to:

Narrative

The Santa Clara Urban County, also known as the “Urban County,” includes the unincorporated communities within Santa Clara County, in addition to seven small jurisdictions: the cities of Campbell, Los Altos, Los Altos Hills, Los Gatos, Monte Sereno, Morgan Hill, and Saratoga. The Urban County in partnership with the Entitlement Jurisdictions within Santa Clara County that receive federal funding administered by the U.S. Department of Housing and Urban Development (HUD) is the lead agency for this joint funding allocation process. In 2015 the County entered a HOME Consortia with the cities of Cupertino, Gilroy, and Palo Alto. In 2020, the HOME Consortium members renewed their participation in the HOME Consortia. By federal law, each jurisdiction is required to submit to HUD through the County Annual Action Plans and a listing of priorities and strategies for the use of federal funds.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

Introduction

CDBG entitlement jurisdictions from throughout the County hold biweekly meetings known as the CDBG/Housing Coordinators Group. The group used to meet quarterly and increased the frequency of meetings with the onset of the COVID-19 pandemic. The group plans to continue meeting on a biweekly basis. The purpose of the meeting is to share information, best practices, new developments, housing policies and appropriations updates among the local grantee staff, as well as to offer a convenient forum for HUD to provide ad-hoc technical assistance related to federal grant management.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health, and service agencies (91.215(l))

As mentioned above, since the beginning of the coronavirus pandemic, the CDBG Coordinators Group began meeting on a bi-weekly basis to consult with other jurisdictions on the resources available to respond to and prepare for the coronavirus pandemic and its proposed use of federal funds for the upcoming program year. The CDBG/Housing Coordinators Group meetings provide a forum for jurisdictions to develop coordinated responses to regional housing challenges.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Santa Clara County Continuum of Care (CoC) is a multi-sector group of stakeholders dedicated to ending and preventing homelessness in the County of Santa Clara (County). The CoC’s primary responsibilities are to coordinate large-scale implementation of efforts to prevent and end homelessness in the County. The CoC is governed by the Santa Clara CoC Board (CoC Board), which is committed to supporting and promoting systems change approach to preventing and ending homelessness in the County.

In 2020, Destination: Home released a Community Plan to End Homelessness in Santa Clara County (the Plan), which outlines a roadmap for community-wide efforts to end homelessness in the County by 2025. The strategies and action steps included in the plan are grounded in evidence-based practices, lessons learned over the past five years, and input from more than 8,000 members of the community: including people with lived experience of homelessness, subject matter experts, stakeholders, and community members. The Plan identifies strategies to address the needs of homeless persons in the County, including chronically homeless individuals and families, families with children, veterans, and unaccompanied youth. Additionally, it also intended to address the needs of persons at risk of homelessness.

The 2020-2025 Community Plan to End Homelessness serves as a roadmap for ending homelessness in Santa Clara County and is organized around three main strategies:

1. Address the root causes of homelessness through system and policy change;
2. Expand homelessness prevention and housing programs to meet the need; and
3. Improve quality of life for unsheltered individuals and create healthy neighborhoods for all.

The plan includes the following targets to be achieved by 2025:

1. Achieve a 30% reduction in annual inflow of people becoming homeless;
2. House 20,000 people through the supportive housing system;
3. Expand the Homeless Prevention System and other early interventions to serve 2,500 people per year;
4. Double the temporary housing and shelter capacity to reduce the number of people sleeping outside; and
5. Address the racial inequities present among unhoused people and families and track progress toward reducing disparities

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The Urban County is not an ESG entitlement jurisdiction. The County of Santa Clara’s Office of Supportive Housing is the Homeless Management Information System (HMIS) Lead for the Santa Clara County Continuum of Care. The project meets and exceeds HUD’s requirements for the implementation and compliance of HMIS Standards. The project has an array of service provider participation and is utilized to capture information and report on special programming, including the CoC’s Coordinated Assessment System and UPLIFT, the CoC’s free transit pass program. Since 2015, the County has assumed the role of the HMIS Lead. HMIS software and system administration is provided by Bitfocus, Inc. The County and Bitfocus work jointly to operate and oversee HMIS. Funding for HMIS in Santa Clara County comes from HUD, the County of Santa Clara, and the City of San Jose.

Describe Agencies, groups, organizations, and others who participated in the process and describe the jurisdiction’s consultations with housing, social service agencies and other entities.

AP-12 Participation – 91.105, 91.200(c)

Summary of citizen participation process/efforts made to broaden citizen participation

Summarize citizen participation process and how it impacted goal setting

It is the intent of the Urban County to provide for and encourage citizen participation, with particular emphasis on participation by lower income persons who are beneficiaries of or impacted by entitlement- funded activities.

The Urban County adopted its Citizen Participation Plan on May 23, 2020, that sets forth the Urban County’s policies and procedures for citizen participation in the planning, execution, and evaluation of the Consolidated Plan, Annual Action Plans, and CAPER. This Plan provides guidelines for the Urban County to provide and encourage public participation by residents, community stakeholders, and grant beneficiaries in the process of drafting, implementing, and evaluating the Consolidated Plan and related documents.

The Housing and Community Development Advisory Committee (HCDAC) is scheduled to meet on April 12, 2022, to review the FY23 CDBG/HOME funding recommendations and funding category contingency plans. The HCDAC’s recommendation will be forwarded to the Board of Supervisors at a virtual Public Hearing on May 3, 2022. The Board of Supervisors will review the CDBG/HOME FY23 Funding Recommendations which form the basis of the CDBG/HOME FY23 AAP.

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Entitlement Funds

Leverage, in the context of entitlement funding, means bringing other local, state, and federal financial resources to maximize the reach and impact of the Urban County's HUD Programs. HUD, like many other federal agencies, encourages the recipients of federal monies to demonstrate that efforts are being made to strategically leverage additional funds to achieve greater results. Leverage is also a way to increase project efficiencies and benefit from economies of scale that often come with combining sources of funding for similar or expanded scopes. The County has a variety of local funding sources that are used in conjunction with the federal funds. This includes, but is not limited to, Measure A Bond Funds, Affordable Housing Funds and Stanford Affordable Housing Funds.

Match Requirements

A 25 percent match is required for HOME funds. The match can be cash, the value of foregone interest, fees or charges, appraised value of land or real property, tax-exempt mortgage revenue bond funds, general funds, or leftover rental rehab funds. The match cannot come from federal funds (including CDBG, HOME, ESG), and the match must be available at the time the nonprofit requests reimbursement under its contract with the Urban County. Most of the Annual Action Plan activities carried out by the Urban County involve the leveraging of a variety of resources.

Other Federal Grant Programs

In addition to the entitlement dollars listed above, the federal government has several other funding programs for community development and affordable housing activities. These include: the Housing Choice Voucher Program, Section 202, Section 811, the Affordable Housing Program (AHP) through the Federal Home Loan Bank, and others. It should be noted that in most cases the Urban County would not be the applicant for these funding sources as many of these programs offer assistance to affordable housing developers rather than local jurisdictions.

Additionally, the Low-Income Housing Tax Credit (LIHTC) provides a tax incentive to construct or rehabilitate affordable rental housing for low-income households. The LIHTC subsidizes the acquisition, construction, and rehabilitation of affordable rental housing for low- and moderate-income tenants.

It should be noted that in most cases the Urban County would not be the applicant for these funding sources as many of these programs offer financial assistance to affordable housing developers rather than local jurisdictions.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The County has been taking an active role in promoting the development of affordable and supportive housing on publicly owned land. One of the goals identified in the Consolidated Plan is to increase affordable and supportive housing. In June 2020, the Board of Supervisors approved five strategies to accelerate the production of affordable housing. The County issued Request for Offers to select housing developers and is actively working on the development of affordable housing in the following publicly-owned sites: East Santa Clara Street Site in San Jose, 1510-1540 Parkmoor Avenue in San Jose, 525 Charleston Road in Palo Alto, and 330 Distel Circle in Los Altos.

Introduction

The Consolidated Plan goals below represent high priority needs for the Urban County and serve as the basis for the strategic actions the Urban County will use to meet these needs. The goals, listed in no order are:

1. Assist in the creation and preservation of affordable housing opportunities for low income and special needs households.
2. Support activities to end homelessness.
3. Support activities that provide community services to low income and special needs households.
4. Support activities that strengthen neighborhoods.
5. Promote fair housing choice.

Describe the reasons for allocation priorities and any obstacles to addressing underserved

needs

Contingency Plans

The contingency plans are intended to notify the public now of the County's plan to program additional funding without having to go through a substantial amendment in the future. This approach will ensure a timely expenditure of CDBG funds and will result in a more streamlined program. The public will be able to provide input when the selected item is presented to the Board for consideration. In the event that the FY23 Entitlement Grant varies from the County's estimate, or the County receives unplanned program income, the County has outlined the contingency plans below:

- HOME Allocation: In the event of a change to the FY23 HOME allocation amount, the County will make proportional adjustments to the two HOME activities identified below. For instance, if the final HOME award is more than the estimated amount, each project below will receive a proportional increase in the recommended amount.
 - HO-23-01 – Housing Development – New construction, acquisition, acquisition with rehab or other eligible project proposals
 - HO-23-02 – County HOME Administration and Planning
- CDBG Housing Activities: In the event of a change to the FY23 CDBG allocation amount, the County will prioritize fully funding Project CDBG-23-01 – Rebuilding Together Silicon Valley and increase or decrease the amount awarded to SCC-23-01 – Multifamily housing, emergency shelter and transitional housing, acquisition, and rehab program, which provides low-interest deferred payment loans for the acquisition and rehabilitation of multifamily housing, emergency shelters and transitional housing.
- CDBG Public Service Activities: In the event of a change to the FY23 CDBG allocation amount, the County will make proportional adjustments to all of the public service agencies.
- CDBG Capital Improvement Program: In the event of a change to the FY23 CDBG allocation amount, the County will work with the Town of Los Gatos and the City of Morgan Hill to determine the impact to the projects listed below. If a City/Town is not able to spend the funding within FY23, the County will add funding project to SCC-23-01. Capital Improvement Program Projects:
 - CIP-23-01 – Los Gatos – Upgrades to the Adult Recreation Center
 - CIP-23-02 – Morgan Hill – Galvan Park, Rehabilitation of restrooms

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The Consolidated Plan allocates federal entitlement dollars according to Low to Moderate Income (LMI) census tracts without target areas.

The Urban County allocates CDBG and HOME funds for services and programs that serve LMI residents in the unincorporated areas of the County and in the cities of Campbell, Los Altos, Los Altos Hills, Los Gatos, Monte Sereno, Morgan Hill, and Saratoga. The Urban County does not have any designated Neighborhood Stabilization Program (NSP) or blighted areas.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Although entitlement dollars are limited, the Urban County does anticipate expending a significant portion of its CDBG and HOME funds on the preservation and development of affordable housing. A detailed discussion of how HUD entitlements will be used to support affordable housing needs within the Urban County is provided in AP-20, with the number of households to be assisted itemized by goal.

AP-60 Public Housing – 91.220(h)

Introduction

In 2008, the Santa Clara County Housing Authority (SCCHA) entered into a ten-year agreement with HUD to become a Moving to Work (MTW) agency. The MTW program is a federal demonstration program that allows greater flexibility to design and implement more innovative approaches for providing housing assistance. SCCHA is currently in the process of updating its Strategic Plan. The updated plan will promote informed decision-making about how to achieve overall objectives in support of the agency's mission. Until the update is completed the SCCHA will continue to utilize its current MTW Strategic Plan.

Additionally, SCCHA has used Low-Income Housing Tax Credit financing to transform and rehabilitate 535 units of public housing into SCCHA-controlled properties. The agency is an active developer of affordable housing and has either constructed, rehabilitated, or assisted with the development of more than 30 housing developments that service a variety of households, including special needs households. SCCHA assists approximately 17,000 households through the Housing Choice Voucher program.

Actions planned during the next year to address the needs to public housing

Not applicable, there are no public housing developments in the Urban County.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

While most of the housing units have been converted to affordable housing stock, SCCHA is proactive in incorporating resident input into the agency's policy-making process. An equitable and transparent policy-making process that includes the opinions of residents is achieved through the involvement of two tenant commissioners, one being a senior citizen, on the SCCHA board.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not applicable.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The 2019 Homeless Census and survey found that Santa Clara County is home to the fourth-largest population of homeless individuals (9,706 single individuals) and the second highest percentage of unsheltered homeless of any major city (81.6% of homeless people sleep in places unfit for human habitation). The Supportive Housing System is governed by the Continuum of Care (CoC) Board. Membership of the CoC is a collaboration of representatives from local jurisdictions comprised of community-based organizations, the SCCHA, governmental departments, health service agencies, homeless advocates, consumers, the faith community, and research, policy, and planning groups. The management information system utilized by the CoC is referred to as the Help Management Information System (HMIS). The HMIS monitors outcomes and performance measures for all the homeless services agencies funded by the County.

The CoC also works closely with the Lived Experience Advisory Board (LEAB). The LEAB is a leadership development body consisting of members with current or past experience of homelessness. Members participating on the Board learn about and evaluate the system of care and to make recommendations for improvement.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs.

The Urban County participates with the other jurisdictions in the region to conduct a biennial countywide homeless count. The data from the census is used to plan, fund, and implement actions for reducing chronic homelessness and circumstances that bring about homelessness. The Urban County financially contributed and participated in the countywide Homeless Census survey that took place in 2022 and will financially contribute and participate in future surveys. Additionally, two formerly homeless persons participate on the CoC Board of Directors. The Urban County will leverage the following Supportive Housing System Strategies:

- **Client Engagement Team**: To reach and house clients more swiftly, the Office of Supportive Housing has committed its Client Engagement Team, an outreach team with expertise in locating and building relationships with individuals experiencing homelessness, to take on this role. The Client Engagement Team is charged with mobilizing immediately to contact households as they are referred through Coordinated Assessment. This team explains available housing opportunities to households and helps put them in contact with the supportive housing program.
- **Mobile Crisis Services Team**: The crisis response system is designed to meet the immediate needs of people experiencing or at risk of homelessness, providing emergency assistance to avoid homelessness, emergency shelter, and support for other basic needs. While the supportive housing system strives to ensure that homelessness is rare, brief, and nonrecurring for Santa Clara County residents, the demand for safe, affordable, stable housing far exceeds the system's current capacity, necessitating short-term solutions. In 2018, the many partners involved in the crisis response system incubated and grew a variety of promising programs to provide critical support for individuals and

families at risk of and experiencing homelessness. Often the first step back to stable housing, these programs work together with the community's supportive housing system to help clients achieve long-term housing stability.

Addressing the emergency shelter and transitional housing needs of homeless persons.

Individuals currently experiencing homelessness need programs and services that address their immediate needs. Each night, emergency shelters in Santa Clara County provide a safe place to rest for hundreds of people experiencing homelessness, a fundamental role of the supportive housing system.

Emergency shelter program models vary significantly across the system, with many providing an array of on-site services through partnerships with the County and other safety net providers. From meeting basic needs, such as food, showers, and access to health care, to case management and connection to employment, emergency shelters are a critical resource hub for many people experiencing homelessness. All emergency shelters also act as access points for the Coordinated Assessment System, administering the standard assessment used to prioritize households for the community's permanent, rapid rehousing, and transitional housing opportunities.

The housing programs which address emergency shelter and transitional housing needs of homeless persons that the Urban County will allocate federal entitlement dollars to In FY23 are discussed in detail in the section(s) below.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

In FY23 the Urban County will allocate federal entitlement dollars to the programs below which help homeless persons make the transition to permanent housing.

- **LifeMoves (PS-23-03):** Through case management, this program connects homeless persons to permanent housing and independent living and shortens the period that individuals experience homelessness.
- **San Jose Family Shelter (PS-23-06):** Provision of shelter to homeless families with children in Santa Clara County. The shelter serves as a "one stop shop" for homeless families, where basic needs are met within the context of a comprehensive supportive service delivery system.
- **Community Solutions (PS-23-04):** Provision of shelter and supportive services to low- and very-low-income adult plus their minor children who are homeless because of domestic violence.
- **YWCA Silicon Valley (PS-23-15):** Women and children in immediate danger of domestic violence are supplied with confidential emergency shelter. Residents also receive clothing, bedding, toiletries, and diapers. Interim shelter provisions are provided when there is no availability at the shelter through hotel vouchers and referrals to other collaborative partner's shelters.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded

institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

In FY23 the Urban County will allocate federal funding to the following housing programs which help low-income persons avoid becoming homeless:

- **Family Supportive Housing - Bridges Aftercare (PS-23-05):** Provision of case management to families once they are in permanent housing, enabling them to remain connected to a supportive service, as they move from the brink of crisis to self-sufficient lives in our community.
- **Silicon Valley Independent Living Center (PS-23-13):** The main service is to provide peer-based Housing Search information and assistance and other supportive independent living skills training for low-income persons with disabilities to be able to locate affordable housing and/or increase personal independence and self-sufficiency.
- **West Valley Community Services (PS-23-14):** incorporates both case management and wrap around services to help low income and at-risk and vulnerable households manage a crisis. CARE will provide stabilization to help Saratoga and Los Gatos residents maintain housing stability, prevent eviction, and rapidly house homeless households.
- **Sacred Heart (PS-23-16):** Provision of 1:1 housing counseling, information, and referral services for Santa Clara Urban County households at risk of eviction and/or homelessness.

AP-75 Barriers to Affordable Housing – 91.220(j)

Introduction

The unincorporated and incorporated jurisdictions within the County face barriers to affordable housing that are common throughout the Bay Area. High on the list is the lack of developable land, which increases the cost of available real estate and increases housing development costs. Local opposition is another common obstacle as many neighbors have strong reactions to infill and affordable housing developments. Their opposition is often based on misconceptions, such as a foreseen increase in crime; erosion of property values; increase in parking and traffic congestion; and overwhelmed schools. However, to ensure a healthy economy, the region must focus on strategies and investment that provide housing for much of the region's workforce whose incomes might significantly limit their housing choices. The Affirmatively Furthering Fair Housing (AFFH) is anticipated to be completed in 2023, upon completion, a final listing of barriers and impediments to fair housing will be included in FY24 AAP.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The County's overall conclusions are that in general, the County's policies, regulations, permit processes, and related factors do not pose an undue burden or constraint on housing development. However, the County plans to take the following actions to ameliorate the negative effects of public policies that serve as barriers to affordable housing:

- Provide funding for construction, rehabilitation, and preservation of affordable housing
- Creating and assisting shelters and special needs housing
- Providing home financing for first-time and low-income homebuyers
- Offering and funding services to address housing discrimination and dispute resolution
- Generating opportunities for new housing on surplus County-owned lands
- Facilitating advocacy and education.

In November 2016, Santa Clara County voters approved the Measure A Housing Bond. The Housing Bond provides the County with an opportunity to partner with cities, residents, and the affordable and supportive housing community to address the housing needs of the community's poorest and most vulnerable residents. The County takes an active role in developing, financing, and supporting various types of affordable housing.

AP-85 Other Actions – 91.220(k)

Introduction

This section discusses the Urban County's efforts in addressing the underserved needs, expanding, and preserving affordable housing, reducing lead-based paint hazards, and developing institutional structure for delivering housing and community development activities.

Actions planned to address obstacles to meeting underserved needs

The diminishing amount of funds to meet underserved needs continues to be the most significant obstacle to addressing the needs of underserved populations. The Urban County supplements its federal funding with other resources and funds, such as:

- 2016 Measure A – Affordable Housing Bond.
- The Housing Trust Silicon Valley is a public/private venture dedicated to increasing affordable housing in the county. The Trust makes available funds for developers to borrow for the construction of affordable units.
- Mortgage Credit Certificates (MCC), a federal program issued by the County, allows homeowners to claim a federal income tax deduction equal to the amount of interest paid each year on a home loan. Through an MCC, a homeowner’s deduction can be converted into a federal income tax credit that reduces the household’s tax payments on a dollar-for-dollar basis, with a maximum credit equal to 10 to 20 percent of the annual interest paid on the borrower’s mortgage.
- HUD Continuum of Care funding is distributed by the County to organizations that provide services to homeless persons and persons at-risk of homelessness.
- Rental assistance provided by the SCCHA will continue to be available to Urban County residents through the Moderate Rehabilitation Program and the Section 8 Program.

Actions planned to foster and maintain affordable housing

Historically, the Urban County’s primary role in housing development is providing financial assistance to create more affordable, below-market rate housing and special needs housing. This role has included making a significant contribution in a variety of ways to housing affordability and preservation, including, but not limited to the following:

- Funding for construction, rehabilitation, and preservation
- Providing rental subsidies
- Creating and assisting shelters and special needs housing
- Providing home financing for first-time and low-income homebuyers
- Offering and funding services to address housing discrimination and dispute resolution
- Generating opportunities for new housing on surplus County-owned lands
- Facilitating advocacy and education

Actions planned to reduce lead-based paint hazards

The Urban County will allocate federal entitlement dollars to Rebuilding Together Silicon Valley (RTSV), which provides home safety repairs and mobility access improvements for low-income residents in Santa Clara County. For any homes built prior to 1978, if the rehabilitation work will disturb the paint, RTSV has the home tested for lead paint. If the test is positive, RTSV conducts lead safe work practices in the process of completing the rehabilitation work.

In addition, the County is currently developing a Lead Safe Homes Program to help identify and eliminate hazards posed by lead-based paint. The program will provide residents with no-cost lead-based paint inspections and abatement services. The program is a collaboration between the County’s Department of Environmental Health, the Public Health Department, the Office of the County Counsel and other County departments. The principal goals of the program are to identify and abate lead-based paint hazards in high priority housing units across the county, including housing units that are occupied by lower-income children or pregnant women and housing units in areas that have a higher concentration of lead hazards.

The Office of Supportive Housing will collaborate with the County departments to ensure that underserved, vulnerable populations are aware and have access to the Lead Safe Homes Program.

Actions planned to reduce the number of poverty-level families

Historically the Urban County has provided funding to agencies such as Sacred Heart Community Services, LifeMoves, HomeFirst, Community Solutions, and several other service providers. Although the Urban County is not currently providing direct funding for economic development or job training projects, the funding provided to these agencies is for housing-related services, which are integral components of the total services provided by these agencies that assist in reducing poverty in the Urban County. One of the most important services of these agencies is to help families obtain stable housing and reduce the percentage of their income paid for housing, allowing them to use a greater percentage of their income for other essential goods and services (food, clothing, medical care, etc.) The services that these agencies provide which will assist in the reduction of poverty include:

- Affordable housing information and referral
- Information and counseling on tenant/landlord issues
- Shared housing counseling and placement
- Counseling, shelter services, and general assistance to very low-income or homeless populations
- Services that address the needs of the frail-elderly, or persons with disabilities
- Services that address the needs of low-income children and their families

Actions planned to develop institutional structure

The Urban County operates within the larger geographical area of Santa Clara County and participates in several efforts to coordinate housing and services. The County will guide the preparation of HUD CoC funding. The Continuum of Care will meet regularly to improve coordination of homeless prevention services and programs.

Urban County staff will continue the following collaborative efforts to improve institutional structure:

- Biweekly meetings between with entitlement jurisdictions at the Housing/CDBG Coordinators Working Group.
- Joint jurisdiction RFPs and project review committees.
- Coordination on project management for projects funded by multiple jurisdictions.
- HOME Consortium between the Urban County and member jurisdictions for affordable housing projects.
- The biennial Homeless Census.
- Collaboration with staff from the County's Planning Department to coordinate on housing policy, programs, and issues that impact both County Departments.

Actions planned to enhance coordination between public and private housing and social service agencies

The Urban County benefits from a strong jurisdiction and region-wide network of housing and community development partners, such as the CDBG Coordinators Meetings, Regional Housing Working Group and the CoC. To improve intergovernmental and private sector cooperation, the Urban County will continue

to participate with other local jurisdictions and developers in sharing information and resources.

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The Urban County does not use HOME funds in any other manner than those described in Section 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

In the event the Property should no longer be the principal residence of the Borrower for the Affordability Period, then County shall recapture all or a portion of the HOME funds, as set forth in the Loan Documents/Agreement, from the proceeds of the sale which shall consist of the sales price less non-HOME loan repayments and eligible closing costs plus interest due.

An exception to this rule would be that after the Property is sold, and in the event of a foreclosure, short sale, or transfer in lieu of foreclosure, there are insufficient proceeds from the sale, then the County shall accept a partial or zero repayment of the HOME Funds. This Recapture provision is described in the Promissory Note and consistent with 24 CFR 92.254. The County intends to exercise the Recapture Provision of the HOME regulations for First-Time Homebuyer Down Payment Assistance loans made with HOME funds. The County will recapture the entire amount of the HOME investment from the borrower provided there are net proceeds sufficient to repay the County HOME loan. The value of the property assisted with HOME funds may not exceed 95% of the area median utilizing data from the HUD 203b limits.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

In certain circumstances, the County may permit the assisted homebuyer to sell the assisted unit at a restricted resale price to another income eligible borrower, who is willing and able to assume the County loan and affordability restrictions. In these instances, the County will not require the full repayment of the initial HOME subsidy. The HOME subsidy would be transferred to the new buyer in the form of a deferred repayment down payment assistance loan. All other HOME assisted buyers will sell their homes at fair market value and the County will exercise the recapture option as outlined and in accordance with CFR Section 92.254(5)(ii)(a).

In the event the Property should no longer be the principal residence of Borrower for the Affordability Period, then County shall recapture all or a portion of the HOME funds, as set forth in the Loan Documents, from the proceeds of the sale which shall consist of the sales price less non-HOME loan repayments and eligible closing costs plus interest due. An exception to this rule would be that after the Property is sold, and in the event of a foreclosure, short sale, or transfer in lieu of foreclosure, there are insufficient proceeds from the sale, then the County shall accept a partial or zero repayment of the HOME Funds. This Recapture provision is described in the NOTE. These provisions are consistent with 24 CFR 92.254. The County intends to exercise the Recapture Provision of the HOME regulations for First-Time Homebuyer loans made with HOME funds. The County will recapture the entire amount of the HOME investment from the borrower provided there are net proceeds sufficient to repay the County HOME loan. The value of the property assisted with HOME funds may not exceed 95% of the

area median utilizing data from the HUD 203b limits.

Affordability Period Table

<u>Amount of HOME Funds Provided</u>	<u>Affordability</u>	<u>Period</u>
<\$15,000	5	Years
>\$15,000- <\$40,000	10	Years
> \$40,000	15	Years

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

HOME funds will not be used to refinance existing debt.

UNCAPPED INCOME LIMITS

The Quality Housing and Work Responsibility Act of 1998 (Title V of Public Law 105-276) enacted a provision that directed the U.S. Department of Housing and Community Development to grant exceptions to at least 10 jurisdictions that are currently “capped” under HUD’s low-and moderate-income limits. Currently under this exception, a total of 78 Community Development Block Grant (CDBG) entitlement grantees, including the Urban County and 10 HOME consortia members, including the Urban County HOME Consortia may use “uncapped” income limits that reflect 80 percent of the actual median income for the area.

The Santa Clara County’s Urban County and HOME Consortia has opted to use the “Uncapped” Income Limits, adjusted for family size, for the single-family, owner-occupied Housing rehabilitation activities, and HOME funded Down payment Assistance activities.

HOME APPLICATION PROCESS

Applications for HOME eligible projects will be drawn from the County’s Supportive Housing Development Loan Program. On September 26, 2017, the Office of Supportive Housing released an over-the-counter Notice of Funding Availability which allows prospective developers to request HOME funds. Applications will be screened and reviewed consistent with the HOME Consortia Agreement adopted and approved by all the consortium members.

HOME funds may be used to finance permanent residential structures if, 1) the new construction meets a HUD national objective, and 2) funds are used by a local development corporation or a neighborhood-based non-profit organization pursuant to HUD regulations (24 CFR570.204). Eligible activities include:

- Acquisition for new construction of rental units for, extremely low-income households is the highest priority.
- Homeownership opportunities for the same target population.
- Acquisition with rehabilitation and/or conversion involving acquisition of land, mobile home spaces, or existing buildings, appropriate for conversion to rental housing or which directly increase the supply of new affordable units. Acquisition and new construction projects must have support in writing from the local jurisdiction.
- Rehabilitation for health and safety of low-income owner-occupied, residential units, or retrofitting of low-income residential units for universal access and/or environmental sustainability. Single-family, or multi-family.

Additional HUD Regulations for those seeking a grant or loan from HOME funds are:

- All necessary financing is secure.
- A budget and production schedule are established
- Underwriting and subsidy layering is completed
- Construction is expected to start within 12–months

CDBG

Overall Benefit

In Program Year 2022 (County Fiscal Year 2023) a minimum overall benefit of 70 percent of CDBG funds will be used to benefit persons of low and moderate income.
