

Fundamentals of Medi-Cal, Managed Care, and CalAIM

Santa Clara County Housing and Homelessness
Incentive Program (HHIP) Implementation

Context and Purpose

- Housing is a social determinant of health and health care access is critical for maintaining housing → Supportive Housing System and Health System collaboration is crucial
- New Medi-Cal resources and other state initiatives have created opportunities to incentivize and facilitate cross-system partnerships
- The Supportive Housing System and local Medi-Cal health plans are committed to strategic and supportive collaboration
- Effective cross-system collaboration and partnership requires cross-system education

Overview of Medi-Cal Managed Care

Medi-Cal Fundamentals

- Medi-Cal is California's Medicaid Program
 - Medicaid = public health insurance program that provides coverage for people with low incomes, including families with children, seniors, people with disabilities, foster care, pregnant women, and people with specific diseases (e.g., tuberculosis, breast cancer, HIV/AIDS)
 - Governed by federal guidelines, regulations, and policies but each state defines eligibility, scope of services covered, providers, and payment rates
 - States may not deny or reduce coverage due to a particular illness or condition
 - Services must be medically necessary to be covered
 - Beneficiaries must have a choice of qualified providers
- CA's program is administered by DHCS (Dept. of Health Care Services)

What is Managed Care?

- The “default” delivery system for Medicaid is fee-for-service (FFS) = state contracts directly with health care providers and pays them a fee for every covered service they provide to Medicaid beneficiaries
- Managed care is an alternative to FFS
 - The state contracts with managed care plans (MCPs), which contract with networks of providers to deliver covered services to beneficiaries.
 - MCPs receive payment from the State per member / per month to provide all the services and benefits that the State offers
- California’s Medi-Cal program is entirely delivered via managed care
 - Each county has at least one Medi-Cal MCP, many have two or more. Some plans operate in many counties throughout the state.
 - Each person who is enrolled in Medi-Cal selects a plan and each MCP is only responsible for providing health coverage to its own members.

Managed Care Plan Funding

- The state pays MCPs a per-member-per-month (PMPM) fixed capitation rate to provide services to Medi-Cal enrollees.
 - With capitation, MCPs assume financial risk.
- Medi-Cal is funded through Federal and Non-Federal (State/local) sources.
 - **State:** Various sources, including General Fund, provider and other taxes, special funds, local funds
 - **Federal:** matches state funds using a Federal Medical Assistance Percentage (FMAP)

Medi-Cal Services and Benefits

- Medi-Cal provides a core set of benefits, including doctor visits, hospital care, immunization, pregnancy-related services and nursing home care
 - Essential Health Benefits (EHB) – ten comprehensive services
 - Adult Dental Benefit
 - Mental Health and Substance Use Disorder Service Benefits
 - Transportation Services
 - Non-Emergency Medical Transportation
 - Non-medical Transportation
 - HealthCare Financial Inc. (HFI)
 - Helps qualified Medi-Cal members get tax-free, SSI disability benefits (income) from the Social Security Administration (SSA).

CalAIM Housing-related Benefits and Services

- CalAIM = California Advancing and Innovating Medi-Cal
 - New Medi-Cal initiative (1115 waiver) focused on improving the health of Californians with the most complex needs.
 - People experiencing homelessness who have physical or behavioral health issues are one of the populations of focus.
- CalAIM includes two programs that offer benefits and services for people experiencing or at risk of homelessness:
 - Enhanced Care Management (ECM): Medi-Cal benefit - MCPs are required to provide ECM to eligible members
 - Community Supports (CS): MCPs are encouraged, but not required to provide community supports. All three plans in Santa Clara County current or will as of July offer all 14 potential CS services.

Enhanced Care Management (ECM)

- Intensive care coordination and services across multiple systems of care to help address clinical and non-clinical needs
- ECM providers are required to meet members where they are in their communities, instead of just at the doctor's office (e.g., at shelters, on the street, or at home)
- Enhanced care managers help set clear goals, make sure members receive the full array of benefits they're eligible for, and coordinate across systems to help members achieve their goals

ECM Core Services	
Outreach and Engagement	
Comprehensive Assessment and Care Management Plan	
Enhanced Coordination of Care	
Health Promotion	
Comprehensive Transitional Care	
Member and Family Supports	
Coordination of and Referral to Community and Social Support Services	

Community Supports (CS)

- New services that MCPs can add to the package of benefits and services they offer to eligible members.
- Kaiser Permanente offers all 14 Community Supports in Santa Clara County. SCFHP and Anthem both offer 13/14, and will offer all 14 as of July.
 - **Housing transition navigation services**
 - **Housing tenancy and sustaining services**
 - **Recuperative care (medical respite)**
 - Caregiver respite services
 - Community transition services/nursing facility transition to a home
 - Environmental accessibility adaptations (home modifications)
 - Sobering centers
 - **Housing deposits**
 - **Short-term post hospitalization housing (*SCFHP & Anthem live 7/1/24*)**
 - **Day habitation programs**
 - Personal care and homemaker services
 - Nursing facility transition/diversion to assisted living facilities
 - Medically supportive food/meals/medically tailored meals
 - Asthma remediation

ECM Member ...

Begins to receive ECM

Is referred by ECM Provider for recovery-focused, short-term housing

Is referred by ECM Provider to Community Supports Providers who will help them find, secure, and maintain long-term housing

ECM Provider ...

Overall role in supporting Member: Serves as the key point of contact and coordinator across all the Member’s clinical and nonclinical support needs, including (but not limited to) the Member’s need for secure, safe, stable housing.

To support housing needs specifically: Identifies need and eligibility for services over time, places referrals for Community Supports that provide specialized housing services, and coordinates with Community Supports Providers to ensure seamless delivery of services.

Community Supports Provider ...

Recuperative Care

Provides interim housing, bed, meals, and ongoing monitoring of medical or behavioral health conditions.

Day Habilitation

Provides programmatic support to assist with socialization and adaptive skills.

Short-Term Post Hospitalization Housing

Provides interim housing and ongoing supports needed to support recovery and recuperation.

“Housing Trio”

Housing Transition Navigation Services

Conducts a housing assessment and develops an individualized housing support plan for the Member. Presents housing options to the Member and helps coordinate financial support for security deposits and modifications.

Housing Deposits

Provides funds to establish household and assistance in spending those funds (e.g., deposits, utilities, air conditioner).

Housing Tenancy and Sustaining Services

Provides support with maintaining housing once secured (e.g., identifying and addressing hoarding and other lease violations, education, dispute resolution).

Enhanced Care Management member eligibility checklists/referral forms

California | Medi-Cal Managed Care

Overview

Enhanced Care Management (ECM) is a Medi-Cal Managed Care (Medi-Cal) benefit that provides comprehensive care management services to Medi-Cal members with complex health and/or social needs with the goal to improve the health and social outcomes of the ECM-enrolled member. Members enrolled in ECM will primarily receive in-person care management services that will be offered in the member's community by contracted ECM provider agencies who serve the member's specific population of focus.

To be eligible for ECM, members must qualify as one or more of the identified ECM populations of focus and are not enrolled in duplicative services (as defined in the *ECM Exclusionary Screening Checklist*).

Screening and referral process

There are three steps to the ECM screening and referral process:

1. Complete the *Populations of Focus Screening Checklist* to confirm member eligibility in one or more populations of focus.
2. Complete the *Exclusionary Screening Checklist* as a second step to verify member eligibility.
3. If you determine the member to be eligible for the ECM benefit based on **both screening checklists**, complete and **submit all three forms** to the managed care plan:
 - o To expedite the review and approval process, **submit applicable supporting documentation** as evidence of the member meeting ECM criteria. Send the documents securely through the managed care plan's designated method listed below. The managed care plan will review and verify the member's eligibility and respond within one week.

Submission process

Completed ECM referral forms may be submitted via any of the following methods:

- Managed Care Plan (MCP)/[provider website](#)
- Fax at **877-734-1854**
- Secure email at CalAIMReferrals@anthem.com
- Customer Care Center from Monday to Friday, 7 a.m. to 7 p.m. PT at **800-407-4627 (TTY 711)** or **888-285-7801 (TTY 711)** for members in Los Angeles County; Outside of LA Call **800-407-4627 (TTY 711)**.

Community Supports Member Referral Form

California | Medi-Cal Managed Care

Community Supports (CS) refers to services that are flexible, wrap-around supports designed to fill medical and socially determined health gaps. The services are provided as a substitute or to avoid utilization of other services such as hospital or skilled nursing facility admissions, discharge delays, or emergency department use. To be eligible for CS, members must meet specific eligibility requirements. Contracted community-based CS providers will provide services to approved members.

Kaiser Permanente – Network Lead Entity (NLE) Overview

Kaiser Permanente's Network Lead Entities (NLE) support the development of a community partner network for Enhanced Care Management (ECM), Community Supports (CS), and Community Health Worker (CHW) services in all 32 counties.

Centralized Service Coordination

KP is centralizing the coordination of services through the NLEs. KP retains oversight of eligibility, member notifications, quality, and grievances.

Comprehensive Network Coverage

The expertise and services of three statewide NLEs provide comprehensive coverage and enable timely access to ECM, CS, and CHW services.

Collaboration with Local Community Based Partners

NLEs provide ECM, CS, CHW services in close collaboration with community-based organizations with geographic and population of focus expertise.

Kaiser Permanente - How a community-based organization can serve KP members

KP is working with three NLEs to develop a network of community-based ECM, CS, and CHW providers.
